General Ordering Information & Policies

INFORMATION FOR ORDERING

- **ALL SALES ARE WHOLESALE ONLY**
- **PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE**
- **FOR COMPLETE UP-TO-DATE PRICING, PLEASE VISIT www.bplampsupply.com**
- **FOR COMPLETE ORDERING INFORMATION AND POLICIES, VISIT www.bplampsupply.com/shipping.php**

BEST VALUE GUARANTEE:

While we often times have the lowest price on a product, **our goal is to offer you the Best Value.** Factors such as product design, weight, material, color, proper fit, and pricing all come together for the overall value of the product. Don't be fooled by cheaper prices and cheaper quality. Regardless of where you currently buy, you owe it to yourself to compare our Pricing and our Quality of lamp parts to the competition. You have our money back guarantee if not satisfied.

MINIMUM ORDERS:

All minimum orders are \$25.00. All orders under the \$25.00 minimum will be assessed a \$15.00 additional charge to cover the expense of packing and handling.

ASSORTMENTS:

We want to help you save money! So please pay special attention to the assortment information given on each price list page. **All numbers enclosed within the same bracket may be assorted for the quantity price reduction.** Numbers from one bracket may not be assorted with numbers from another bracket except where noted.

NEW FREIGHT ALLOWANCE POLICY:

Your single shipment of \$475.00 or more will entitle you to a 5% freight allowance discount, which will be itemized and deducted from your invoice total. Freight allowance applies only to merchandise on hand at the time of the shipment and invoices paid within 30 days from the date of the invoice. Special Value Items, Closeout Items, and Lamps shown in our American Heirloom Lighting Catalog or Net Items may not be included in the \$475.00 total.

We ship orders on a first come first serve basis and try to make every effort to ship your order as soon as possible. Most orders are shipped within 2-3 days after their receipt.

Please specify your preferred method of shipping: Parcel Post, UPS, FEDEX Ground, Motor Freight, UPS Hundred Weight Service, or FEDEX Multiweight Service. If no method of shipping is specified with your order we will choose the most reasonable method available. For Parcel Post, UPS, or FEDEX Ground add 15% estimated shipping. Any difference in commercial charges will be credited or charged to your account. For all large shipments containing glass we strongly recommend Motor Freight.

FREIGHT RECOMMENDATIONS AND DISCOUNTS

Shipments: Less than 200 pounds; FedEx Ground is currently the most economical way to ship your orders which weigh less than 200 pounds. To help you save money, as of February 1, 2007 we will ship your orders

weighing less than 200 pounds by FedEx Ground.

UPS is of course still available upon your request. Please call (1-800-822-3450) to let us know if you require UPS only for your less than 200 pound shipments.

Shipments: More than 200 pounds;

For shipments weighing more than 200 pounds Federal Express "Multiweight" program or "UPS Hundred Weight Service" program is available, and we can also get competitive freight quotes from your preferred carriers.

SPECIAL CHARGES:

Due to factors beyond our control, we must apply special charges to certain shipments and/or items. 1) Because UPS and FEDEX Ground honor less than 50% of our claims, we must charge a handling fee for all UPS AND FEDEX Ground shipments. The handling fee is \$1.00 per carton for UPS and FEDEX Ground shipments, \$1.50 per carton on C.O.D. shipments. 2) Due to the structural sensitivity of the 14" and larger diameter shades, they must be repacked and heavily padded prior to shipment. On orders shipped by U.P.S. or FEDEX Ground we must charge a \$1.00 per carton packing charge on 14", and up to 24" diameter glass & fabric shades. An additional charge, per carton, will be included in our shipping charges for packing materials which are not included in the cost of our products.

BACK ORDERS, REORDERS, OR DISCONTINUED ITEMS:

All items not shipped with your order will automatically be placed on Back Order (BO) to be shipped as soon as possible - provided the item meets a \$30.00 minimum. If you do not want Back Orders, please notify us and your request will be permanently on your file. If your Back Order is more than 60 days old we will call you before shipping. You may cancel your Back Order at any time prior to shipping. Reordered items (RO) must be ordered again. Discontinued (Disc) items are no longer available.

CREDIT & PAYMENT POLICIES

TERMS:

1% ten days - net thirty days. 1.5% charge per month on delinquent accounts. Credit will be cancelled on accounts 60 days past due. A check for the full amount of the order must accompany orders from new accounts until credit is established, unless C.O.D. or credit card is specified.

CHARGE ACCOUNTS:

We will gladly ship on open charge account to customers with acceptable credit references. To establish credit, submit two business references and the name of your bank. Please send complete addresses.

CREDIT CARDS:

If you have not established credit with B & P Lamp you may use your Master Card, Visa, or Discover. Please be sure to carefully include your credit card number, expiration date, the C.I.D. number (last 3 numbers on back of card above your signature), and the card holders name and credit card billing address.

C.O.D. ORDERS:

For established accounts there is no deposit for C.O.D. orders. For NEW ACCOUNTS, a deposit of 25% must accompany your C.O.D. order.

RETURNED CHECKS:

Any check returned for non-payment will be subject to a \$30.00 service charge. Once a check has been returned, we may no longer accept checks from that individual or business.

DAMAGE CLAIMS

All shipments are carefully packed by experienced professional packers in accordance with existing requirements and practices. We are sincerely interested in keeping breakage to a minimum in order to reduce the inconvenience to our customers and to our own administrative staff. **Nevertheless, breakage will occur and we cannot accept responsibility after we have received the carrier's receipt for merchandise received in good order.**

Should damage occur in transit, DO NOT REFUSE TO ACCEPT THE SHIPMENT as this will cause unnecessary delays and added expense.

Please file the claim immediately as damage claims will not be accepted after 15 days.

UPS & FEDEX GROUND CLAIMS:

If merchandise is received damaged, **obtain the delivering carriers notation of damage** and notify us immediately. **Hold all merchandise and packing material in the original carton for inspection and recall, otherwise your claim cannot be paid.** We will assist you in every possible way in collecting your claims for loss or damage.

PARCEL POST CLAIMS:

If merchandise is received damaged, **obtain the delivering carriers notation of damage** and notify your local postmaster immediately.

MOTOR FREIGHT CLAIMS:

If merchandise is received damaged, **obtain the delivering carriers notation of damage** and notify your Motor Freight carrier immediately. Hold all merchandise and packing materials in the original carton until your claim is paid.

RETURNED MERCHANDISE

AUTHORIZATION:

Merchandise ordered in error or defective may be returned with our authorization. To receive authorization for return, please call 1-800-822-3450 and have your invoice ready as well as an itemized list of goods to be returned, and reason for their return.

No returns will be accepted after 30 days. So, please notify us as soon as possible regarding shortages or incorrect shipment.

RESTOCKING CHARGES:

We are always anxious to correct any errors we make without incurring expense to you. However, merchandise ordered in error should be returned freight prepaid and there will be a 20% handling charge.

THE B & P GUARANTEE:

We guarantee every item as to quality and construction. Adjustments to your satisfaction will be made on any item found to be defective. All wired lamps and electrical fixtures are assembled with U.L. approved material. However, most individual fixtures are not U.L. approved. Some individual table lamps are U.L. approved and the approval will be stated as such within the product's description.

September 1, 2005

Dear Valued Customer,

I would like to extend our warmest greetings to all of our old customers, and to welcome all of our new customers to the company family.

Our story begins in 1953, in the workshop garage of Lawson, Pauline and Paul Barnes. The Barnes' being resourceful (and hungry) antique dealers with an ear for new business, discovered a huge demand for kerosene lamp parts, and a new business was born. The first catalog printing on January 1954 was 2 pages in black & white. Customer correspondence was often by mail and occasionally by phone. Our only advertisement was a good reputation, and was spread by word of mouth. Every customer was known on a first name basis. The company was customer driven with employer and employee united in serving the customer's interests.

A lot of things have changed since 1954. However, we are still customer driven and we make customer service a top priority. We are committed to serving your needs and to solving your problems. Many of our customers are still known on a first name basis. When you call B&P Lamp Supply, a friendly "live" person will take your call. We believe this is what a family business is all about.

Our new Hardware Catalog was designed with our customers in mind. You will find that it includes full color pictures, a great selection with over 1000 new quality items, and very competitive pricing. We have included these features with the sincere hope that your buying experience with B&P will be a pleasant one.

Thank you for the privilege of allowing us to serve you.

Sincerely yours,

Paul O. Barnes
C.E.O.

P.S. We believe in offering our customers the Best Value. Regardless of where you currently buy, you owe it to yourself to check our Pricing and to compare our Quality.

Clear Rock Crystal

Beautiful Rock Crystal Stones

Inspired By Nature: "The richness I achieve comes from Nature, the source of my imagination." Claude Monet

Each crystal is a unique semi-precious stone found in nature. Rock Crystal, which is a mineral found in the earth's crust is clear or colorless with random opaque inclusions. For use in fine chandeliers, the crystals are skillfully cut and polished by hand, drilled for pinning and certified as to quality.

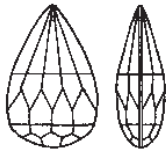

Rock Crystal:

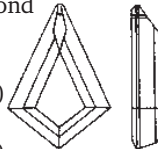

- Natural semi-precious stone
- Clear color with natural inclusions
- Each piece is unique, expect slight variations
- Hand cut and polished

STRASS® Swarovski® Crystal, Full Lead Crystal¹

We are pleased to offer STRASS® Swarovski® Crystal available in colors, which are popular in today's market; "Bordeaux", "Light Peridot", "Topaz" and "Golden Teak Effect". The "Golden Teak Effect" has a slightly sparkling light golden bronze effect whereas the other colors appear true in color with plenty of sparkling brilliance.

It only takes a minute to assemble the top bead to the body using your choice of colored STRASS® Crystal and gold or chrome STRASS® pinning materials. The results are vibrant STRASS® crystals in colors, which may be used to beautifully enhance your design projects or create one-of-a-kind chandeliers.

- Beautiful sparkle and optic clarity
- Perfectly machine cut & polished lead crystal
- Brilliant light refraction and color play
- Invisible coating which repels dust
- Maximum rainbow play

1) The term **FULL LEAD CRYSTAL** refers to glass containing at least 30% lead oxide. Full Lead Crystal has a higher index of refraction, and much greater sparkle than normal glass.

STRASS® Swarovski® Crystal and *BrilliantCut* Full Lead Crystal¹

STRASS® Swarovski® Crystal:

STRASS® Swarovski® Crystal is a product line made especially for the chandelier market. STRASS® Swarovski® Crystal, which has a lead content exceeding 30% is the luxury brand name most requested by leading chandelier manufacturers and can be seen sparkling in fine homes and museums.

- Beautiful sparkle and optic clarity
- Perfectly machine cut & polished lead crystal
- Brilliant light refraction and color play
- Invisible coating which repels dust
- Maximum rainbow play

TURKISH CRYSTALS:

These Turkish made lead free crystals are an excellent quality with a little more sparkle and light refraction than the traditional crystal line. Each piece is fully cut by hand and polished.

- Fairly Priced
- Excellent quality optical crystal
- Fully cut by hand and polished
- Environmentally Friendly (lead free)

Clear Crystal - U-Drops

* Sizes Do Not Include Top Bead

Clear Crystal:

Clear crystal prisms, pendalogues and trimmings have been used since the time of candlelight to add brilliance and illumination to chandeliers. Our traditional crystals are designed, pinned and hand-crafted like the old ones so that you can match your early chandelier or achieve a traditional look for your new creation.

- Great Prices
- Good Quality Crystal
- Old Traditional designs to match antique chandeliers
- Cut by hand
- Enviromentally friendly (lead free)

Colored Crystal U-Drops & Teardrops

* Sizes Do Not Include Top Bead

Colored Crystal:

Many of our prism colors are matched to American antique glass lampshade colors. For an example when our prisms are hung with a matching color shade on a Library Lamp they make a stunning combination. We also offer several new colors; Aurora Borealis, Gold Iridescent and Blue/Green Iridescent, which should provide beautiful accents to your project. Also new are Light Blue, Light Green, Light Gold, and Black Crystal colors which work well with Deco & Modernistic design fixtures.

Lamp Chain For Crystal Fixtures & Chandeliers

12990- 5 gauge Heavy-Duty Brass Plated Steel decorative chain, 3ft. links, links are 1 9/16" X 1"

12992N- Steel chain with nickel finish. 3ft. links, links are 1 1/2" X 13/16", 8 ga.
12992S- Steel, unfinished chain ready to paint or rust

12991A- Antique Brass plated, heavy duty straight-sided chain in 3ft. links, links are 2 1/4" X 7/8", 6 gauge.
12991N- Nickel Finish
12991 - Brass Plate

12991S- Steel, unfinished heavy duty straight-sided chain in 3ft. links, ready to paint or rust. Links are 2 1/4" X 7/8". 6 ga.

A note about safety: These chains are for decorative purposes only. Some are made of Solid Brass material. While lending itself to fine casting detail, solid brass is a softer material than steel. For the protection of property and personal safety, we strongly recommend the use of a steel cable to support the weight of heavy chandeliers.

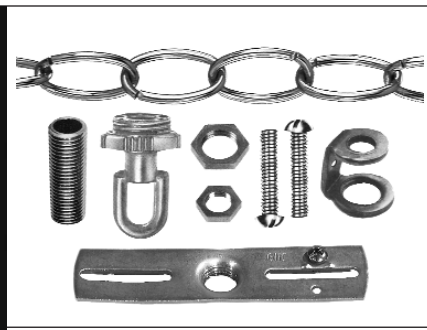

Canopies, Loops, Tubing, Seating Rings

11801U - Unfinished solid brass die cast canopy with loop, crossbar, and 1/8 IP pipe in center. 5 1/2" dia., X 1 1/2" deep.
11801N - Nickel Plated

Solid brass canopy kit with 5 1/2" dia. X 1 1/2" deep canopy, screw collar loop, 3' chain, crossbar, nipple, hickey, 2 nuts and 2 fixture screws. Nice style for Crystal Chandeliers.
